

Mathematics:

- Read, write and order numbers to 1,000, recognising the place value of each digit (e.g. how many 100s, how many 10s, how many 1s);
- Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction - see below:

<p>Model the stages of column addition using place value equipment on a place value grid.</p> 	<p>Use column addition, ensuring understanding of place value at every stage of the calculation.</p>  <p>$126 + 217 = 343$</p> <p>Note: Children should also study examples where exchange is required in more than one column, for example $185 + 318 = ?$</p>
---	--

- Be fluent with the 2, 5, 10, 3, 4 and 8 times tables (children should be able to recall the times tables in any order and know the inverse (division fact));
- Examples of online activities:
<https://www.ictgames.com/mobilePage/placeValuePieces/index.html>
<https://trockstars.com/>

English:

- Know Year 3 spelling rules (see Home-School diary) and recall rules and phonics from prior year groups
- Read daily a book of choice and reread pages to build fluency
- Regularly read a variety of reading materials and literature.
- Listen to a grown up read stories and ask and answer questions remembering question types (copy cat, text detective, you judge)
- Correctly form all letters of the alphabet using a cursive print and correctly join digraphs, trigraphs and letter strings.
- Spell all of the Year 3 and 4 wordlist
- Read and write the first 200 high frequency words

Year 3 and 4 Statutory Spellings

accident	caught	eighth	heard	minute	possible	strange
